Investing Over \$3 Trillion Across America Over The Next Five Years

Congratulations on your election, and welcome to Washington! Every new member of the House and the Senate has jobs and small businesses in their local community that are powered by private equity.

Over the next five years, our industry will invest over \$3 trillion across America – driving growth and innovation in every sector of the economy and supporting high paying jobs for workers and providing benefits for their families.

Private Equity Helps:

Workers

Many private equity-backed businesses offer workers ownership in their companies and the opportunity to build wealth for their families.

Small Businesses

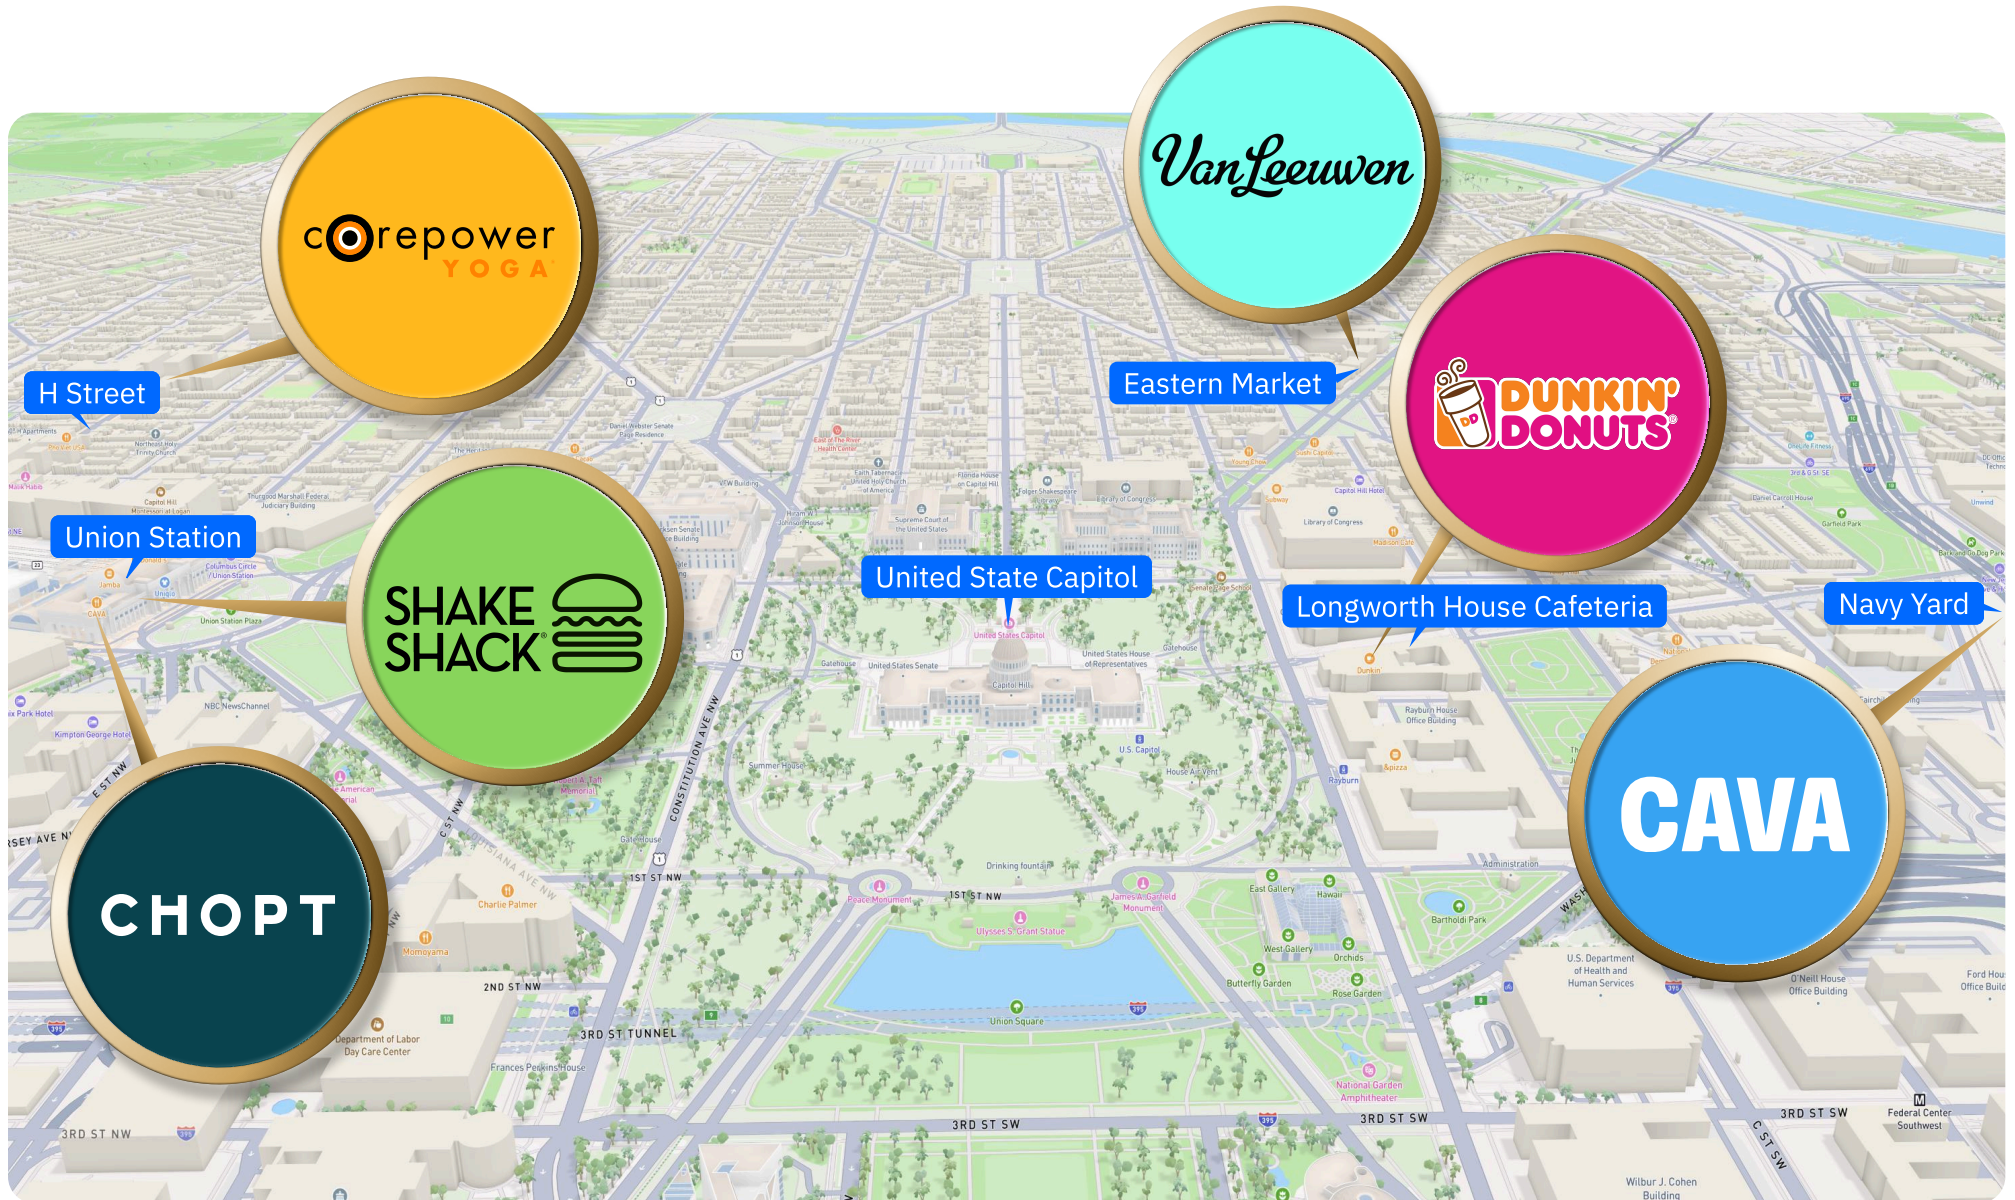

85% of all private equity investment goes to small businesses across America.

Retirements

88% of all public pension funds nationwide invest a portion of their portfolio in private equity.

Welcome to the Neighborhood!

Private Equity is Here – and Back in Your Hometowns

Each of the businesses on the this map have strengthened by private equity investment.

Private Equity-Backed Jobs and Local Businesses in *Your* State

Senator	State	Jobs	Businesses	Investment ¹
